

BROSOLUTION

Alexis Turrentine

INT. COFFEE SHOP

Two women, TRACY and GINNY, sit in a coffee shop, drinking coffee.

TRACY

My new year's resolution is to stop
dating bros.

GINNY

That's mine, too!

TRACY

I feel like I spend more time
taking care of Drew than myself.

GINNY

I'm constantly reminding Jeff to do
things, like get his oil changed,
or go to the doctor, or eat some
vegetables...or shower.

TRACY

I made Drew's last doctor's
appointment and I had to go with
him because he couldn't remember
which medications he was on. He
only takes a multi-vitamin. When I
remind him, of course.

GINNY

Once, I had to tell him to clean
his room before his mother came to
visit. I don't think his 62 year
old mom could've navigated the
clothing obstacle course on his
floor, without breaking a hip.

TRACY

When I met Drew, he didn't even
have a box spring or a frame for
his bed. He just had a mattress on
the floor. I had to buy him a frame
from Goodwill and haul it over in
my little Fiat, all by myself.

GINNY

When I met Jeff, he was using a stack of empty beer cases as a coffee table. Every time he cooked his beloved Totinos Pizza Rolls for dinner, we'd lose 90% of them when the boxes would fall. I had to build him an Ikea coffee table. I had to learn Swedish. It took me 3 days to put together the Flamaflugen.

TRACY

I've been doing Drew's laundry for years, because he doesn't seem to realize his bed sheets smell after 4 weeks. He actually owes me \$345 in quarters.

GINNY

I make sure Jeff's bills are paid on time and I let him know how much he can spend each week. I'm practically a certified accountant, now.

TRACY

They're so much work and energy.

GINNY

They cost so much.

TRACY

Why are we even with these guys, Ginny? It seems like they need mommies, not girlfriends.

GINNY

Well, I've always wanted children.

TRACY

Maybe we should get dogs, instead.

GINNY

I bought Jeff a dog for his birthday, but I ended up taking care of it.

Ginny's boyfriend, Jeff walks in.

JEFF

Sup?

GINNY

Aw, hi honey! You look so cute in
the outfit I picked out for you
this morning.

JEFF

Dude, have you seen Lucky?

GINNY

Did you check his kennel?

JEFF

OH! I didn't even think to look
there!

GINNY

You've got a little sauce on your
cheek.

Ginny motions Jeff to lean in, licks her thumb and uses it
to clean off Jeff's face. She sniffs him.

GINNY

Did you shower?

JEFF

Nah. Deuces!

Jeff leaves.

GINNY

(to Tracy)

Isn't he just the cutest, though?

TRACY

But, you don't want cute. You want
a self-sufficient man. Right?

GINNY

I don't want to be alone.

TRACY

Me, neither.

BLACKOUT.
